When Can a Student Return to School?

Student tested **_positive_** for COVID-19 or was clinically diagnosed for COVID-19 and **_has symptoms_**

<u>Isolate until all three conditions have been met:</u>
1. At least 10 days since symptoms first appeared, AND
2. At least 24 hours with no fever without fever-reducing medication, AND
3. Symptoms have improved

Student tested **_positive_** for COVID-19 but has **_no symptoms_**

<u>Isolate until:</u>
- 10 days have passed since tested positive
- If individual develops symptoms, follow the guidance for student tested positive

Student tested **_negative_** for COVID-19 and **_has symptoms_**

<u>Stay home until symptoms have improved</u>
- Follow specific return guidance from AISD, such as being fever free for 24 hours without the use of fever-reducing medication, diarrhea-free without use of medication

Student was not clinically evaluated and is **_monitoring symptoms_** at home

<u>Isolate until all 3 conditions have been met:</u>
1. At least 10 days since symptoms first appeared, AND
2. At least 24 hours with no fever without fever-reducing medications, AND
3. Symptoms have improved

Student has **_symptoms_** and wants to return to campus before isolation period ends

- Student may obtain an alternative medical diagnosis from their healthcare provider and follow specific return guidance from AISD, **_OR_**
- Per TEA guidance, student can return to campus IF they obtain an acute infection test at an approved testing site that comes back from an **approved** testing site that comes back negative for COVID-19

Student is **_close contact_** of a person who has tested positive for COVID-19

- Quarantine (stay at home) for 14 days after your last contact with person who has COVID-19
- Monitor your health for symptoms of COVID-19
- Consult healthcare provider if symptoms develop
- Even if you feel healthy or test negative for COVID-19, stay at home because symptoms may appear up to 14 days after exposure
